

100W TOUGHSHELL CIRCULAR HIGH BAY 1PK IP65 15000LM 4000K 60 BEAM 1-10V DIMMABLE

Description

The Tough-Shell Circular High Bay is a rugged, attractive and highly efficient solution for lighting large indoor facilities such as warehouses, production facilities and indoor sports halls. Running at an efficacy of 150lm/W, the Tough-Shell provides up to 15,000lm and thanks to its skilfully engineered aluminium body it effectively dissipates heat while maintaining IK10 impact resistance.
