

240W TOUGHSHELL CIRCULAR HIGH BAY 1PK IP65 36000LM 4000K 60 BEAM NON-DIMM

Description

The Tough-Shell Circular High Bay is a rugged, attractive and highly efficient solution for lighting large indoor facilities such as warehouses, production facilities and indoor sports halls. Running at an efficacy of 130lm/W, this Tough-Shell provides up to 26,000lm and thanks to its skilfully engineered aluminium body it effectively dissipates heat while maintaining IK10 impact resistance.

This emergency model will provide 2600lm for 3 hours in the event of a power cut.
