
EVO PANEL 1200X300 3600LM 36W 4000K NON-DIMM 100LM/W BACKLIT 5YEAR WARRANTY

Description

This is a 36W, 3600lm 1200x300 Integral LED Evo panel. It delivers a uniform white light across the whole of its surface. The high level of efficacy (100lm/W) offers savings in running cost against traditional 72W fluorescent fittings as well as many other LED panels.
