

SENSOR GLS BULB E27 840LM 8.5W 5000K NON-DIMM 200 BEAM FROSTED

Description

This 8.5W retro-fit Integral LED Auto Sensor Classic Globe (GLS) (large screw base) delivers a daylight output equivalent to 60W. Because security lighting is on an average of 12 hrs. per day you can save over 30 GBP/44 EUR per bulb, per year on energy. It automatically switches ON at dusk and OFF at dawn, with dual 360 sensors to detect daylight from all angles. Ideal for external porches, walkways, paths and patios. To be used in suitable enclosed outdoor fittings.
